It's that time of year when we start planning for another successful sojourn, and the four best words that we can hear are, "**How can I help**?" For newcomers, a sojourn is an overnight canoe and camping experience where we both educate our citizens on the value of our shared resource, the Swatara Creek, and leave the waterway better than we found it. After all, the Swatara is a source of drinking water for our community. Without the generosity and support of our business community, the Swatara Watershed Association could not afford to complete the sojourn and litter cleanup. Your services are truly appreciated!

If you are willing to help sponsor the 2016 **Swatara Sojourn** on **May 7-8, 2016**, please let us know how you can help. We will start at the Swatara Watershed Park, 1929 Black's Bridge Road, Annville, in East Hanover Township, Lebanon County, lunch at Boat House Road Park, Derry Township, camp at Hershey Highmeadow Campground, lunch Sunday at Schiavoni Park, Middletown, and end at the PA Fish and Boat launch in Middletown, Dauphin County. As a sponsor, your name will be included on all correspondence associated with the Swatara Sojourn—registrations, news releases…, on the SWA web site, displayed on a banner during the sojourn…. No matter the size of your company, we welcome all levels of assistance. To be included on all print materials, please respond by February 24, 2016. Suggestions for sponsorship follow:
